MODULAR DISPLAYS

Benefits

SHOWCASE YOUR IMAGE

Put the graphic image front and center! No visible aluminum profile on back-walls means your message is even more effective and your display becomes an environment.

ENDLESS MODULARITY

All module types can be connected to one another -- no restrictions! Rest assured that you can use your booth in every space, even those you have yet to consider. H-line is a completely scalable solution that grows along with your company.

FOCUS ON THE ESSENTIALS!

Each module has been designed to provide its own unique functionality (communicate, display, design, spread your message, store, and welcome customers).

BE CREATIVE!

Distinguish your company by creating your own custom graphic or use solid colors or patterns.

CLEVER & SIMPLE

H-line requires zero technical expertise and is set-up without the use of tools. Set-up up the booth yourself, or minimize labor cost. Panels ship with graphics installed. Two people can set-up a 20ft in-line in less than 20 minutes - Take down is even faster!

H-line Modular Display

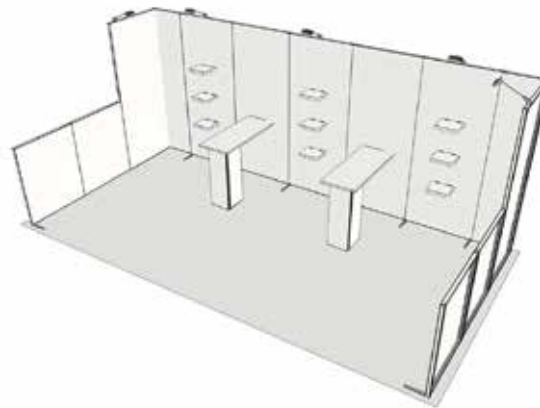

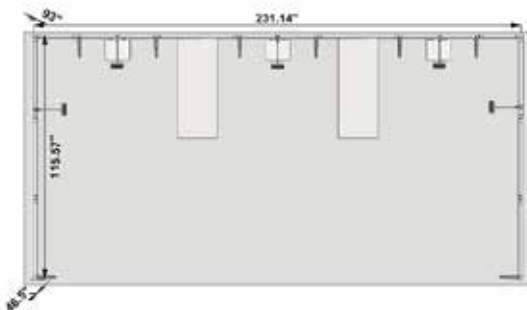

H-line modular 10ft x 20ft in-lines shown. Ask about 10ft x 10ft, 20ft x 20ft Islands or greater options.

- H-line is a trade show display system which allows you to easily create a custom booth using pre-assembled modules.
- With its full surface area completely dedicated to the graphic image, the H-line creates an unparalleled visual impact while also providing a full assortment of useful functionalities.
- H-line is a perfect solution for those that would like a booth that is both modular and flexible.
